## DOMESTIC VIOLENCE STATISTICS

---

Some of you have asked for statistics on various forms of domestic violence:

### National Domestic Violence Statistics

\*According to the U.S. Surgeon General, domestic violence is the leading cause of injury to women in the United States.

\*The American Medical Association estimates that male partners assault 2 million American women each year.

\*The U.S. Department of Justice estimates that 95% of the victims of domestic violence are women.

\*A woman is beaten every 15 seconds in the United States, (Bureau of Justice Statistics, Report to the nation on Crime and Justice. The Data. Washington DC Office of Justice Program, US Dept. of Justice. Oct 1983)

\*35% of all emergency room calls are a result of domestic violence.

\*Of those who abuse their partner, over 65% also physically and/or sexually abuse the children.

\*Each day ...4 women die as a result of abuse.

\*Each day ...3 children die as a result of abuse.

\*The Federal Bureau of Investigation reports that 32% of female homicide victims are killed by their intimate partners. (Federal Bureau of Investigation, Crime in the United States 1999 - 2000)

This is enough to wipe the smile off the faces of men who make jokes about hitting women! --- Please write me your comments and reactions:

## Weekend Intensive

The Center for Anger Resolution, Inc. offers a number of Weekend Intensives throughout the year that are tailored to the specific recovery needs of each man and his partner. For men who want to be in recovery from angry and abusive behavior, it is strongly suggested that the intensive work be done with the partner present. The partner would serve in the role of a consultant to help the man and me do the work we need to do. I (Newton) would be the therapist the entire weekend with just you and your partner. This is not a group session. There will not be other couples present. It will be just the three of us.
